# Rutland High School

## Graduating Class of...

# Seniors

As the Class of 2012, we entered the halls of Rutland High School from different middle schools. Over the past four years, we have come together as one. Our first year we said goodbye to Mr. Folaros, the principal who welcomed us into his school, and said hello to Mr. Olsen, the one to send us on our way. At the time, our country made history by electing President Obama as the first African-American president.

We cheered on our fellow Raiders under the Friday night lights on Alumni field as a few brave souls faced the cold, their bare stomachs painted in red, black, and white to show school pride even after the Indian mascot was dropped. We proudly held the 2009 State Champions for Winter Cheerleading, Boys and Girls Alpine Skiing, Girls Cross-Country, Girls Golf, Girls Lacrosse, and Girls Nordic Skiing. Together we stood as the Raider Nation watching, in high spirits, the Boys Varsity Basketball team come so close to earning the title in the 2010-2011 season. For Bruins fans, we had something to celebrate when the team made history the following spring by winning the Stanley Cup.

Encore theatre broke their 7 year curse in 2010 when they made it to the Vermont State Drama festival with their production of 'Tracks.' We watched, laughed, and played the ducking, dodging, diving, dipping, and more dodging of the annual dodge ball tournaments. Many went home to enjoy the reckless lifestyle of the Jersey Shore from the comfort of their own homes; and we watched our childhood end before our eyes on screen with the eighth, and final, Harry Potter movie release.

We made our claim to fame with the first case of swine flu in Vermont and came together to blow all other NECAP scores out of the water. We waved goodbye to some of our favorite teachers who touched our hearts and pushed our minds: Mrs. Baker, Mr. Gilbert, Mrs. Lopes, Mrs. Birkenhead, Mr. Lopes, Mrs. Clark, Mr. Field, and Mr. Lattanzi. But we didn't let that discourage us for we were too busy dressing up in Mr. Peterson's class in crazy hats and costumes 'from the time.' Dominic McGuire left the halls of RHS prematurely when he passed away after a car accident on Cold River Road. United by his spirit, our class traveled to Paris for the night in gowns and tuxedos celebrating the end of our Junior year.

Senior year may have started off rough with the state of Vermont being destroyed by Hurricane Irene, but we are Vermont Strong and overcame the odds, literally hiking through the woods to get here. We've faced the college process, beating the masses and securing our post-high school plans, all the while keeping up with school and our personal lives. Though the past four years may have been a blur of classes, sporting events, plays, and club trips, if you must leave the halls of Rutland High School with one thing, leave with this:

We the Class of 2012 have come together from schools across the county and made a name for ourselves. We've challenged each other, other grades, and other schools mentally and physically and though we may not have been successful every time, we can be proud of the dedication and spirit we demonstrated. When the graduation caps go flying into the rafters of Spartan Arena and we say our goodbyes, some for a few days and some forever, we can be proud to hold the title of Rutland High School's Graduating Class of 2012.

You can't outdo the class of One-Two.

Dearest "Bug",

You've been delighting and surprising us ever since we first heard "It's a girl!" In a whirlwind our precious, pink bundle of joy has transformed into an exceptional young lady full of promise and eager to seek out new adventures. Your charm, humor and grace along with your persistent and resilient nature will serve you well as you take on the world. (It also helps that you have an outrageous amount of stylish shoes!) We cherish the memories of our bathroom redecorator, ballerina, basketball player and Maxxanista. We wistfully send you off with your pink blanket, a prayer and a hope that you will discover your passion and fulfill your dreams!

Class 2012

Godspeed.

## Feed your curiosities

Everything you've learned in school as "obvious" becomes less and less obvious as you begin to study the universe. For example, there are no solids in the universe. There are no absolute continuums. There are no surfaces. There are no straight lines.
